WARM POLITICAL BATTLE CERTAIN

The old Granite State promises to witness one of the greatest political battles in its history. The Republicans will meet stubborn resistance as the Democrats intend to concentrate their efforts in New England and New Hampshire promises to be an important state in the battle of 1920. The women promise not to be bound by old party ties and will be more or less of an uncertainty to canvas. The Herald promises, as has been its custom, to print all the news.

ONE DEAD, TWO BADLY INJURED ON HIGHWAY

John Duffy of Bennington street, Lawrence, was instantly killed, and Charles McDonough, Fred Dimauro, Edward Arundal, also of the same city badly injured on the state highway early this morning near the residence of Charles E. Brown at Smithtown.

With Arundal driving this car and another automobile containing a party of men, is said to have started a race from Salisbury Beach for Portsmouth. The car with the Lawrence men moving at a high rate of speed suddenly left the highway, shot across the street railway tracks, cut down a telephone pole, crashed into a tree and turned turtle.

Duffy was taken from the wreck with a fractured skull and died shortly after.

McDonough and Dimauro were rushed to the Anna Jacques hospital at Newburyport and though quite badly injured they are expected to recover. Arundal was placed under arrest and after investigation by County Attorney Sleeper may be held for manslaughter.

The race is said to be the result of a wager and the men in the other car continued their wild ride not knowing that the others had met with an accident. Duffy is said to be a chauffeur and the occupants of the other car all friends of those injured. The car of Duffy and his comrades was completely wrecked. Dr. Cole, living nearby the scene of accident, who was called, stated that it was a miracle that any of them came out alive.

Medical Referee Pender after viewing the body of Duffy ordered it turned over to a Lawrence undertaker.

SUNDAY SCHOOL BOARD MET

The monthly meeting of the Methodist Sunday school board was held Thursday evening at the home of Miss Miriam Schurman on Middle road and plans were made for the fall work. The regular sessions of the Sunday school begin next Sunday. A social hour followed the business session and refreshments of ice cream and cake were served by the hostess.

OLIVE THOMAS, MOVIE STAR, IS DEAD

(By Associated Press)

Paris, Sept. 10.—Olive Thomas, formerly widely known on the American musical comedy stage and for several years past motion picture star, died at 11.00 this morning in the American hospital at Neuilly. She was taken to that hospital Sunday suffering from mercurial poisoning after swallowing a poisonous solution early that day by mistake, according to the physicians. Recently Miss Thomas came to Europe with her husband Jack Pickford. Several weeks ago had suffered from nervous depression.

New York, Sept. 10.—No word of the death of Olive Thomas had been received here this forenoon by her brother James Duffy who lives here, or by the Motion Picture Concern which employed her. Her real name was Olive Elain Duffy. She was 23 years old and born at Charleroi, Pa. After attending high schools in Pittsburg she began work in a department store. A friend from New York, attracted by her beauty and voice, induced her to come to this city in 1913 to study music, and soon attracted the notice of theatrical men and was placed in the cast of the midnight frolic here in 1914. The next season she was in both the Follies and the Frolic and later posed for magazine covers by noted artists. In 1917 Miss Thomas entered the motion picture field. The same year she married Jack Pickford, motion picture actor.

SUGAR AT 17 CENTS IN 100-POUND LOTS

Another reduction of one cent in the price of sugar, bringing it to 17 cents a pound, in some Boston stores was recorded yesterday. This price was on allowed, however, for 100-pound lots. While there is a great variation in the prices charged in stores, the general tendency is downward, ranging from 22 to 18 cents for small lots and 17 cents for 100 pounds or more, in certain places.

HARPER ENJOYED HIMSELF WITH DYNAMITE

Town of Greenfield, Mass., Badly Shocked by Actions of Man on a Spree.

(By Associated Press)

Greenfield, Sept. 10.—Three explosions of dynamite that shook buildings in various parts of the town and set nerves of the residents on edge last night were explained in court when George Harper pleaded guilty to disturbing the peace. The policemen who arrested him said Harper was armed with an automatic revolver and had been drinking. It appeared the dynamite which marked Harper's progress about town was missing from the tool house of a building corporation by which he was employed. Harper was unable to pay a fine of $150 and went to jail.

HARRIES HEADS ORDER OF THE WORLD WAR

Col. Stover of Boston Chosen Department Commander at Meeting in Detroit.

(By Associated Press)

Detroit, Sept. 10.—Maj. General George H. Harries of Chicago was elected Commander in chief of the military order of the World War at the closing session of the organization meeting here last night. Col. W. W. Stover of Boston was elected department commander. The Convention adopted a resolution pledging the membership to fight Bolshevism. Another resolution asking Congress to maintain the Chicago re-organization act to place emergency officers in a field with regular army officers in the matter of retirement for inability.

RUSSIANS ARE BADLY BEATEN BY THE POLES

(By Associated Press)

Warsaw, Sept. 10.—The Polish army on the northeastern front delivered a series of successful attacks upon the Russians today and took 8,000 prisoners and four guns and two armored trains.

Decision relative to the military situation of Lithunia and peace terms to be insisted upon by the Poles at the conference with Soviet Russia at Riga were reached at the session of the Council of Defense held last night. The government refused to give out any details.

VOLCANO SHOOTS 5,840 FT. IN AIR

People Living in Little Italian Town of Spevia Flee to Safety.

(By Associated Press)

Rome, Italy, Sept. 10.—A volcanic crater has suddenly opened at the top of a mountain 5,840 feet high about 9 miles northeast of Spevia. It is located on what appears to be the northwest corner of the district shaken by Tuesday morning's earthquake which resulted in the loss of hundreds of lives in the region just north of Florence. A telegram from Spevia said the crater is emitting smoke and sulphuric fumes and that scientists there attribute it to the volcanic outbreak of the earthquake.

AMERICAN SHIP AGROUND ON SPANISH COAST

(By Associated Press)

London, Sept. 10.—The American steamer Siboney is aground in the harbor of Vigo, Spain, according to a dispatch. The fore part of the vessel is raised on the rocks and is in great danger. Passengers are being landed. Madrid, Spain.—A Vigo dispatch here says that operations to float the American steamer Siboney began last evening. A French tug is making an effort to move the vessel.

PRUDENTIAL TRUST CO. OF BOSTON ORDERED CLOSED

(By Associated Press)

Boston, Sept. 10.—The Prudential Trust Company of this city with a capital of $200,000 was taken over by Bank Commissioner Allen today. The troubles of the bank are not connected in any way with those of other banking institutions recently closed by him the Commissioner said. Bank Commissioner Allen announced only that "under the authority vested in him by law I hereby take possession of the affairs and business of the Prudential Trust Co." Subsequently he said that the bank had been subject to steady withdrawal of deposits for some time. "Their loans are not in good condition and include many bad loans," he said. The Prudential Trust Company showed assets of $2,178,343 in its trust department and $371,837 in its savings department in the last regular examination of its accounts made last November. It was said the examination a few days ago had revealed conditions that caused the Bank Commissioner to step in. He said. John H. McNamee, President of the Prudential said he had no statement to make regarding the closing of the bank. The bank is on Summer street in the business section. Its safe deposits have been patronized to a large extent by deposits of store clerks and office workers.

The closing of the Prudential will tie up $40,000 of state funds on deposit there. The city of Boston had $18,000 on deposit with the bank up to Dec. 1st, but City Treasurer Murray said today that he withdrew all municipal funds from the Prudential at that time because he had not felt that conditions at the bank were of the best. Bank Commissioner Allen said he did not wish at this time to give the reason for the city withdrawing deposits which were a feature in bringing about the bank closing. These withdrawals are indicated by the several recess ri-

CONCORD CAN'T GET TUCK ART TREASURES

Concord, N. H., Sept. 10.—Because an embargo has been imposed by the Government of France upon the exportation of art treasures from that country, the erection of the Edward Tuck Art Gallery in connection with the New Hampshire Historical Society building in this city has been postponed indefinitely.

Judge Charles B. Corning, president of the historical society, has returned from a visit to France, during which he endeavored without success to have the Government make an exception in regard to Mr. Tuck's collection because of the public use to which it was to be put in this country.

Mr. Tuck, who was born in New Hampshire, and who has given several million dollars to Dartmouth College, the historical society and institutions of his native state, has resided in France for many years and has a very valuable collection of paintings and statuary at his chateau near Paris. It was his intention until the recent enactment of the French law to send most of these treasures to America and place them in a museum which he was to erect on the same lot with the building which he gave to the historical society in Concord.

BURGLARS ARE STILL ACTIVE IN KITTERY

Frightened From Lewis Residence at 4 O'Clock in the Morning.

Burglars operating with a step ladder which they took from the yard of B. M. Tilton at the Intervale Kittery, early this morning, got in through the second story window of the residence of Dr. Lewis of Philadelphia, who occupies the Wendell cottage at Willow Bank.

Some of the maids of the family were awakened by the noise in the house which likely caused the burglars to quit, but not until the silver ware had been thrown about the dining room in search for the solid material.

Nothing is reported as missing which is due to the short time the thief was in the room. About the same time an attempt was made to gain entrance of the Manning Emery residence in the same neighborhood, but the noise made by the burglar working on the door aroused the inmates who gave an alarm frightening the crooks away. Later a round hatchet was found near the lock of the door made by some boring instrument.

According to the people in the Lewis residence the burglars made the call about 4 o'clock.

DARTMOUTH PRESIDENT DIRECTOR OF B. & M.

At a special meeting of the board of directors of the Boston & Maine railroad, held at the North Station yesterday, Ernest Martin Hopkins of Hanover, N. H., and Harry Hubbard Dudley of Concord, N. H., were elected directors to succeed the late Theodore N. Vail and the late Benjamin A. Kimball.

Mr. Hopkins is president of Dartmouth College. He has had a wide business and executive experience and during the war was one of the assistants to Sec. of War Baker.

Mr. Dudley is a well known banker of New Hampshire being president of the Mechanics National Bank of Concord, where he started from the bottom and worked successively up through the offices of cashier and vice president to his present position.

EXETER SET FOR HARD SCHEDULE

This Year's Football Campaign Will Be Among Most Strenuous Ever Waged.

Exeter, Sept. 10.—The followers of interscholastic sports will be interested in the Exeter-Worcester academy game, which will be played at Exeter this year, it being the first football meeting between the two schools since 1916 when "Tad" Jones was coach at Exeter and "Fido" Kempton was playing the leading role here, by winning the game on a 30-yard run for a touch down, making the final score 7 to 0.

The games which Manager Francis G. Cleveland, son of ex-President Grover Cleveland, has booked are: Oct. 2, Portland High School at Exeter; Oct. 9, Dartmouth Freshmen at Exeter; Oct. 16, Yale Freshmen at New Haven; Oct. 23, Harvard Freshmen at Cambridge; Oct. 30, Worcester academy at Exeter; Nov. 6, New Hampshire State freshmen at Exeter; Nov. 13, Andover at Andover.

As the school will not open till Sept. 22 the opening game, which was scheduled for Sept. 25 will necessarily be shifted to the following Saturday, which was with Portland High school.

This team opened Exeters schedule last season. Teams which will be lacking this season will be Cushing and Hebron academy, although it is possible that a Wednesday game may be arranged with one of them.

Coach Clarence Parker of the baseball nine has been holding football practice during the summer and found at least one promising first eleven material player in Ralph Mimms, of Quincy, Mass., who will remain for the school year.

Coach Blake will have the assistance of Frederick B. Withington, former Harvard player, who was assistant coach at Williams last year. He is a former Exeter player and brother to the Harvard Withington, all football players who has been engaged as a faculty member to succeed Rev. F. J. Libby.

Mr. and Mrs. Walter T. Winch of Concord are passing a few days at Rye Beach.

KITTERY BOY IN YORK HOSPITAL

Bullet in Left Lung From Accidental Shooting.

Leon Main, 13 year old son of Mr. and Mrs. Wallace Main of North Kittery, is at the York Hospital with a bullet in the left lung as the result of accidental shooting. The accident happened while he was driving a wagon along the road on his way home from the navy yard.

According to the boy's story he got the revolver from some other boys in Kittery with whom he stopped to play and when starting home put it on the seat.

He had gone but a short way when the reins dropped and after reaching for the same, he claimed he sat on the seat in such a manner as to cause the revolver to go and discharge.

People residing nearby hearing the shot rushed out, brought the lad to one of the nearby houses and called Dr. Shapleigh who ordered him at once to the hospital. He passed a very good night on Thursday and it is thought he will recover.

BURGLARS CALL ON MRS. CROWELL

Kittery's ever busy burglars were on the job again last night. Three places were visited but in each instance they were frightened away and nothing of value stolen.

The burglars made their first call at the Little Store Tent conducted by Mrs. Annie Crowell on Woodlawn avenue. She was awakened shortly after three o'clock by the flash of a light. Mrs. Crowell asked "what was wanted" and receiving no answer, blew a horn a signal which awakened the entire neighborhood. This frightened the burglars away and when neighbors reached Mrs. Crowell's store there was no trace of them.

A story of the other places visited will be found in another column of today's paper.

Nervous Breakdown

"I am so nervous it seems as though I should fly"—"My nerves are all on edge"—"I wish I were dead." How often have we heard these expressions or others quite as extravagant from some loved one who has been brought to this state by some female trouble which has slowly developed until the nerves can no longer stand up under it. No woman should allow herself to drift into this condition without giving that good old-fashioned root and herb remedy Lydia E. Pinkham's Vegetable Compound a trial.

Read the Letters of These Two Women.

North East, Md.—"I was in ill health four or five years and doctored with one doctor after another but none helped me. I was irregular and had such terrible pain in my back, lower part of my body and down each side that I had to go to bed three or four days every month. I was very nervous, tired, could not sleep and could not eat without getting sick. A friend asked me to take Lydia E. Pinkham's Vegetable Compound and I am sorry I did not take it sooner for it has helped me wonderfully. I don't have to go to bed with the pain, can eat without being sick and have more strength. I recommend your medicine and you are at liberty to publish my testimonial."—ELIZABETH WEAVER, R.F.D. 2, North East, Md.

Minneapolis, Minn.—"I was run down and nervous, could not restat night and was more tired in the morning than when I went to bed. I have two children, the youngest three months old and it was drudgery to care for them as I felt so irritable and generally worn out. From lack of rest and appetite my baby did not get enough nourishment from my milk so I started to give him two bottle feedings a day. After taking three bottles of Lydia E. Pinkham's Vegetable Compound I felt like a new woman, full of life and energy. It is a pleasure to care for my children, and I am very happy with them and feel fine. I nurse my baby exclusively again, and can't say too much for your medicine."—Mrs. A. L. MILLER, 2633 E. 24th St., Minneapolis, Minn.

WE SELL SO SOCONY MOTOR GASOLINE STANDARD OIL CO. OF N.Y.

The sign of a reliable dealer and the world's best Gasoline

Old Orchard Home, Concord, Mass., where Louisa M. Alcott wrote "Little Women" in 1867.

Every motor highway and byway throughout picturesque New England and New York is a part of the long "Socony Trail".

THE Socony sign of supreme motoring service is a common sight in rural Vermont and from Old Town, Maine to Chautauqua County, New York.

Automobile tourists have come to depend upon it. They have found it in out-of-the-way places—on many trips it was "a friend in need". And many large gasoline users in the cities know what Socony service means—they too have come to depend upon it. The uniform qualities of Socony gasoline have made it the logical fuel for every motor transportation requirement.

Socony isn't merely one of many gasolines. It represents fifty years of refining experience, and is made by the most improved methods known to the industry. It is truly the standard of quality gasoline.

Socony gasoline, with the proper carburetor adjustment, insures quick starting, clean combustion, low carbonization and full mileage from every gallon. Regular Socony users enjoy these advantages every day the year round, for Socony service enables them to fill up everywhere.

New York, Sept. 9—The Irish Progressive League announced here tonight that Secretary of State Colby has cabled the authorities at Cork reland, for information about Josept Murphy one of the eleven hunger strikers in Cork Jail, as he is an American citizen. Murphy was born in Lynn in 1894. The League had appealed to President Wilson and the cablegram was the result of this appeal Murphy was awaiting trial when he began the hunger strike.

PEPPERRELL COVE

Pepperrell Cove, Sept. 10.—Carrol L. Beedy will speak to the people o. Kittery today. He will be elected representative to Congress and Kittery should give him a good vote. Most of the people in Kittery are descendants of Wales and it is interesting to note something about the South West part of England. It is divided into 12 counties. It is very mountainous particularly in the North, has beautiful valleys, several rivers. It is rich in minerals, in coal, iron, copper and even gold, and to those Wales owes its chief wealth. Cardiff is the largest coal port in the world. The Welsh are very fond of music and poetry. Family distinction is held in great esteem. The women dress very plain. All classes are noted for their civility and hospitality.

Dr. Frederick H. Gerrish of Portland is dead. He is descended from the same branch of Gerrishes as those in this town. He was born in Portland in 1845, son of Oliver and Sarah Little Gerrish. Graduated from Bowdoin College in 1866. In 1869 his alma mater gave him the degree of A. M. and M. D. University of Michigan gave him LL. D. 1904, and next year Bowdoin gave him the same degree. He was writer, lecturer and for many years foremost figure in medical circles in Maine.

It is interesting to note where the people live. The 14th census tells us a tenth of the nation lives in three cities, New York Chicago and Philadelphia, and one quarter of the people live in 68 cities of the country.

New York, Chicago and Philadelphia have a combined population of 10,146, 631, increased in ten years 19.6 per cent. Cities having 500,000 to 1,000,000 have increased from 5 to 9 in ten years. They are Detroit, Los Angeles, San Francisco and Buffalo. Six cities advanced from 250,000 to 500,000. They are Kansas City, Mo.; Seattle, Indianapolis, Rochester, Portland Ore. and Denver. There are 43 cities having a population of 100,000 ormore. In New England they are Boston, 7th in the country, was 5th in 1910; Springfield, 61st in the country; Lowell, 61st in the country; Worcester, 35th in the country; New Bedford, 53d in the country; Cambridge, 63d in the country; Fall River 64th in the country. Seven in Massachusetts, one in Rhode Island, 27th; three in Connecticut, New Haven 29th, Hartford 45th, and Bridgeport 44th. Yonkers, N. Y., 68th.

In 1860 Portsmouth was the 12th city in the country next to Hartford in population. Montreal with 801,216 population is the 5th largest city in North America. The fourth city in the U. S. is Detroit with 993,739 population, with Cleveland next with 796,836. New York stands at the head with 6,621,151 population.

Arrived sloop yacht Bohemia, Boston and schooner yacht Narita, New York.

We have read with pleasure the life of Sumner I. Kimball, chief U. S. Life Saving Service, important position filled by a Maine man for 37 years. He was born Sept. 21, 1824, in Lebanon, Me., graduated from Bowdoin College in 1855, and admitted to oYrk County bar. Pres. Hayes appointed him head of the life saving service, retired in 1915. He is 86 years old.

We hope some one has placed a wreath of victory on the grave of Susan B. Anthony. We are reminded great oaks from little acorns grow. She planted the acorn.

There were beautiful northern lights Wednesday evening. There was a complete milky way, like a rainbow from the northwest to the southeast and remained there from 9 p.m. until 12 a. m.

UPTON—MOWATT

The marriage of Miss Alice D. Mowatt of New Gloucester, and Horace Everett Upton of Portland, Me., son of Keeper Joseph F. Upton of White Island Light, Isles of Shoals, took place on Wednesday at the home of the bride's parents, Mr. and Mrs. Charles Mowatt of New Gloucester.

The house was prettily decorated with green and white, the bridal party standing under an arch of green with a white wedding bell which has been used for six other weddings, in the vicinity of Miss Mowatt's home.

Only a few near relatives and friends witnessed the ceremony, which was performed by Rev. George K. Carter of North Berwick, the double ring service being used.

The bride wore her going away gown of navy blue silk and carried a bouquet of bride's roses. She was attended by Miss Elsie Upton of the Shoals, a sister of the groom, who was attired in a gown of navy blue and her bouquet was of pink asters.

After the ceremony refreshments were served. The bride has held a position in an office in Portland for several years. Mr. Upton's business is in Portland. After a short wedding trip they will reside in that city.

Among the out of town guests were Mr. and Mrs. Joseph H. Upton, parents of the groom, and Miss Elsie Upton of the Isles of Shoals, Mr. and Mrs. Murray Graham and Mis Pauline Graham and Dana Sykes of Portland and Rev. and Mrs. G. K. Carter of North Berwick.

FIVE MEN CONVICTED ON LIQUOR CHARGES

Dover, Sept. 10.—Sheriff Goodwin brought four Salmon Falls men before the municipal court yesterday on liquor charges as the result of a raid on Labor Day, when a still in operation was seized.

Charles Mailloux was found guilty of manufacturing liquor and was fined $50 and costs of $29.78. He was given a suspended sentence of 60 days on payment of fine and costs. Augustus Dugne, charged with having liquor in his possession, paid a fine of $25 and costs of $9.74, and was given a suspended sentence of 30 days. Fred Caron, charged with keeping liquor for sale, was found not guilty and was discharged.

John Hogan, a former saloon keeper of Salmon Falls, was charged with keeping liquor for sale. He was found not guilty but gave a $500 bond for appearance at court Sept. 13. Peter Grammopoulos of 19 Main street, this city who was arrested by the local police, was found guilty of keeping "Jakey" for sale and was fined $25 and costs of $7.62. He paid both. A jail sentence of 30 days was suspended.

BERWICK YOUNG MAN KILLED BY ELECTRICITY

Dover, Sept. 10.—Nelson Mathews, aged 23, of Berwick Me., a lineman of the Twin State Gas and Electric company of this city was shocked to death yesterday while working on some high-tension wires near the car barn of the Dover, Somersworth and Rochester Street Railway.

An examination revealed a series of burns over the heart, indicating that the current of 13,200 volts entered there. Four physicians worked over the body with a pulmotor more than four hours. The victim was the son of Samuel Mathews.

A Revival of Interest.

There are indications that interest in agricultural fairs, which has shown signs of decline in some parts of New England during the last few years, is reviving. Reports show that most of the fairs held thus far this fall have been well attended and have been up to the standard in exhibits and attractions while in the case of a few fairs which have been running behind for several years, both in merit and attendance, fresh interest has been shown this fall and there has been great improvement in the exhibits, the attendance and the receipts.

Whether this is only a temporary revival time will tell, but there are many who believe the tide has turned and that the agricultural fair as an institution is coming back into its own. There are societies in populous centers that have flourished steadily, but there are also those which, formerly prosperous, have been at a low ebb for some years, while some have gone out of existence.

In explanation of this lack of interest it was said that the fair was all right in the old days when popular attractions were comparatively few, but that in this age of movies, baseball, flying machines and automobiles the agricultural fair was not needed as an entertainment, and that as a means of promoting agriculture it had largely outlived its usefulness.

But, whatever the facts, there is an interest in the fairs this year which indicates that they still have a place in the life of the times. There have been many changes since the earlier days of the agricultural fair. Scientific farming has led to many developments that are worthy of attention, and the breeding of good stock has increased greatly. Today every exhibit is composed largely of thoroughbred animals, and practical farmers have come to understand the value of better stock of all kinds, the cost of keeping and care being no greater than in the case of "scrubs," while the returns are much more satisfactory.

And, aside from all other considerations, the annual fair is, or should be, the great get-together occasion of the year. It is well for the farmers, their families, their neighbors and their village and city friends to meet in the open during the pleasant days of early autumn to renew acquaintances and look over together the results of the season's labors on the land. The collections of farm crops, fruits and vegetables, with samples of handiwork from the households, are good to look upon, while the races and various other attractions afford entertainment that is not to be scoffed at.

While it is true that the public is surfeited with attractions of one kind and another, almost to the point of weariness, there appears to be room still for the agricultural fair, which is in a class by itself. There is nothing else just like it. It combines instruction with entertainment and relaxation, and, with good weather, affords a highly pleasant and profitable holiday. It is therefore pleasing to note a revival of interest in sections where it has been waning in recent years, and to feel that an institution which held such a strong position in other days is not yet to be consigned to the limbo of things that were.

The Labor Day clambake held by Booma Post at Rye was a jolly occasion without a drop of "rye" in it.

When it comes to holding a carnival the people of Hampton Beach know how to do it. They have the facilities and understand how to make the most of them, as the multitude that gathered there on Labor Day will attest.

At the Minnesota State Fair last Monday Governor Cox laid his views before the great assemblage and also showed his versatility by driving a race horse around the track. As he is at present engaged in the greatest race of his life this must have been an agreeable diversion.

The whole world will be grieved by the tragedy at Niagara Falls last Monday, when a party of tourists were trapped by a fall of rock while exploring the Cave of the Winds. Two women and a man were killed and numerous others were injured. The falls are one of the wonders of the world, and people from all parts of the world who have visited them will read of this distressful happening in sorrow and awe.

No one is more ready to concede the championship to Jack Dempsey today than Mr. Miske of St. Paul. Only three rounds were necessary for the presentation of the evidence.

In an automobile race in Pennsylvania the other day one driver traveled at the rate of 96 miles an hour. Many autoists have gone to the Great Beyond at a much lower rate of speed.

And now Holy Cross College is to make a drive for $1,000,000 for new buildings, and it will probably get it in spite of the fact the "drive" isn't quite as popular and prosperous as it was at one time.

About $100,000,000 in foreign gold will soon reach the country for the payment of war debts. Will this have a tendency to send prices up or down?

PERSONALS

Miss Yvonne Raynes is to enter the New England Conservatory of Music, Boston, this week.

Edward H. Drew, manager of the local telephone exchange is having a two weeks' vacation from his duties.

Dr. and Mrs. Seth E. Jones have returned from a few days' visit at their former home in Franklin, this late.

JOHN BARRETT TO ADDRESS MANUFACTURERS.

John Barrett, former minister to Siam and numerous other countries, is announced today by the New Hampshire Manufacturers' Association as one of the speakers at the annual mid-year meeting at Concord, Sept. 17.

Invitations have been sent out to 1000 guests from New Hampshire, Maine and Vermont, and a record attendance is anticipated.

Addresses are also assured on the fundamentals of the coal situation and the transportation problems. The first of these will be by a representative of one of the largest coal operators associations and the latter representing the Railway Executives' Association.

It is the object of the New Hampshire Manufacturers' Association to bring together a strong group of men to talk on the vital issues affecting industry and thereby obtain first hand information for the enlightenment of members and others who attend the annual meeting.

A special committee of Concord men will have charge of reception and registration at the Eagle hotel and act as a committee of welcome to visitors.

Any citizen interested in the welfare of the state is invited to attend the evening session, including the banquet at 6 o'clock, insofar as space in Phenix hall permits. Reservations for banquet tickets should be sent to the secretary, Frank A. French, Box 537, Manchester before Tuesday, Sept. 14. Those who desire to attend should make sure of their tickets by making known their wants at once.

It is expected that both Governor Clement of Vermont and Governor Milliken of Maine will be guests of the association. Governor Bartlett and his council have been invited as have other state executives. Manufacturers from Maine and Vermont will be asked to join in making the meeting a complete success.

One of the features of Friday evening will be the big benefit dance under the auspices of the New Hampshire Manufacturers' Association. This dance will be held in the state armory and all proceeds will go to the State Children's Aid and Protective Society.

The ladies are expected in large numbers and special preparations for their entertainments are planned.

F. D. Van Amburgh of New York, editor, author and lecturer, will give his remarkable address on "How to Fail." Mr. Van Amburgh has a wide reputation as an after dinner speaker and is also well known to thousands of business men through the little magazine which Van Amburgh calls "The Silent Partner."

The police at Portland, Ore., are looking for a man who sold a stolen suit for $2.50 and left $990 in gold and currency in it.

A straggler from the U. S. S. St. Louis for nine days, gave himself up at the local yard today. He quit the ship in Philadelphia.

Completes Another Cruise.

Esteban Flores, a first musician in the yard band, was discharged today and will re-enlist on Saturday. He has been at the local yard for the past four years.

On Temporary Duty.

Lieut. James D. Hoyle and Pay Clerk S. J. Stoin have been assigned to temporary duty on the station ship in setting up the accounts of the U. S. S. Huntington recently put out of commission.

Coming to Boston.

Word has been received at the Navy Yard that a detachment from the 37th Division of the torpedo flotilla is coming to the Boston Navy Yard to have their anchor chains tested. The detachment included the Abel P. Upshur, Hunt, William C. Wood, George E. Badger, Branch and Herndon.

Bureau Man Here.

Lieut. Comdr. Metz of the Bureau of Steam Machinery is at the local yard today in connection with storage batteries and electrical equipment for submarines.

Gone for Equipment.

The tug Patapsco sailed for Boston today to take on radio equipment for distribution among the wireless stations on the Maine coast.

No Luck So Far.

The several attempts to locate the lost anchor and chain from a shipping board steamship off the Shoals, has been unsuccessful so far. The yard tug Penacook with lighter and crew will make another try on Saturday.

There is a great similarity between the Scandinavian languages, but for the Swedes Danish is not only a difficult language, but one of the most difficult in Europe. This applies not so much to the vocabulary, which for the Swedes is rather easily learned and controlled, but to the syntax and the pronunciation. Norwegian, on the other hand, is child's play.

ANTI-CORN BORER MEN TAKE FLOWERS FROM AUTO PARTIES

Newburyport.—Scores of automobilists traveling across the New Hampshire line from Salisbury into Seabrook, N. H., have been angered during the past 24 hours by the action of the anti-corn borer agents who have held them up and taken any fruits, vegetables or flowers they were carrying.

Just before reaching the Granite State line was a roadside stand selling Grevenstein apples at 45 cents a peck. The autoists who purchased had the apples taken away from them they charged.

Even buttonhole flowers were taken away from the automobile parties, while many women lost freshly purchased bouquets. The agents who flag the autos say no corn borers will get into New Hampshire if they know it.

SEN. TUFTS NOMINATED BY BIG MAJORITY

Exeter, Sept. 10.—Exeter will have a candidate for the state Senate in Prof. James A. Tufts who at the primary election for the nomination was chosen by one of the largest majorities ever polled in the district, receiving 2,150 votes to his opponent' 711, making a majority of 1,349.

Professor Tufts was a member of the Senate of 1919, and is probably the first one to be returned for a second term for many years, it having been the custom to elect for only one term. He is the oldest member of the Phillips Exeter academy faculty which he has been connected as Professor of English since 1878.

OUIMET AGAIN REPELS FOREIGN GOLF INVADERS

Defeated the Last of the English Players in National Championship.

(By Associated Press)

Roslyn, N. Y., Sept. 9—The last of the foreign invaders seeking the amateur golf championship this year, was repelled today and the new champion is sure to be an American. Again Francis Ouimet saved the country's honor in golf, as he did in 1913 when he defeated Ray and Vardon. Today he eliminated Thomas B. Armour of Scotland, the French champion, the last of the four golfers from Europe who came over to contest for the title. The other outsider of the United States was C. O. Grier the Canadian champion who qualified but was put in the first round.

The South had a victory over the North today when Bobby Jones, the youthful wizard of Atlanta, defeated Fred J. Wright the youthful Massachusetts champion 5-4 in a match in which Jones played wonderful golf.

Tomorrow the north and south will again contest in the semi finals as the draw brings Jones and Ouimet together. This is the first time these two have ever met in match play and they will carry the gallery.

The other in the semi finals will be Charles Evans Jr. and Edward Allis of Milwaukee. Today Evans defeated W. C. Fownes a former national champion 7-6, and Allis defeated J. Woods Platt of Philadelphia 3-1.

GOOD ROADS ASSOCIATION MEETS HERE

A meeting of the New Hampshire Good Roads Association was held here on Thursday and there were about thirty-five present from various parts of the state.

The meeting which was presided over by President Chapin of Keene, was held in the Council Chamber at City Hall and good roads and their construction was the subject of the meeting.

At the conclusion of the meeting the delegates were taken in charge by Mayor Hislop, City Engineer Smith and State Engineer Grover and the chief business was a lunch at the Rockingham Hotel. This was accompanied by some discussion on roads, state and federal aid etc.

After luncheon the delegation were taken on a tour of the city and to the asphalt plant of the C. A. Badger Co., on Sherburne road, where the various processes were gone into, and then to a job where the asphalt was being spread. The majority of the delegates returned to their homes on Thursday evening.

GUNNING SEASON IS DRAWING NEAR

The gunning season is rapidly approaching and City Clerk Clarke has issued a large number of hunting licenses. The demand for guns is very brisk, although today the ordinary shot gun cost several times what it did a few years ago and the same is true of rifles and in fact ammunition. There is every indication that game is more plentiful this year than last, despite the very severe winter.

The open season on some of the game in this section is as follows—

Birds—Quail, October 10 to Dec. 1. Ruffed grouse or partridge—Oct. 1 to Dec. 1. Woodcock—Oct. 1 to Dec. 1. Plover and yellow legs—Aug. 16 to Dec 1. Wild duck and geese, coot, gallinules and Jack Snipe Sept. 16, to Jan. 1. Rail—Sept. 1 to Dec. 1. There is no open season on pheasant.

Animals—Haves and rabbits, Oct. 1 to March 1. Grey Squirrel are protected until Oct. 1, 1921. Fox, Oct 1 to March 1. Racoons, Oct. 1. to Jan. 1.

The residents license fee is $.00 including both hunting and fishing. No residence is $15.

There has been more or less killing of pheasant in the past year, and the game wardens of this section are to keep a close watch on this illegal work and they will be assisted by every true sportsman.

MR. NEWTON'S APPRECIATION

I wish to express to the people of Portsmouth and Rockingham County, who voted for me as County Commissioner, my sincere thanks. I appreciate their good will and I hope that they will give me and the rest of the ticket their same support in November. If elected, and I confidently hope to be, I will give the County my time and the best of my ability in the management of the County affairs. The slogan of the Newtons' has always been "Live and Let Live" and I always hope to live up to its full meaning.

P. A. C. ANNUAL OUTING AT KITTERY POINT

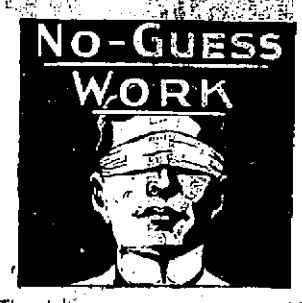
Hotel Champernowne Scene of Thirty-Fifth Annual Event of This Popular Organization.

The members of the Portsmouth Athletic Club are today celebrating the thirty-fifth anniversary of the clubs inception, with an outing at the Hotel Champernowne, Kittery Point.

Despite the rain over 150 members turned out for the sport. The members left the club house at twelve o'clock and headed by the Portsmouth City band marched to the ferry landing, reaching there in time to take the 12.30 ferry for Badger's Island. A special car conveyed the party to the Hotel.

Manager Rowe welcomed the guests at the hotel, and told them that "the house belonged to them." A shore dinner was served at three o'clock. A ball game and sports will be among the pleasures this afternoon. Supper will be served at six o'clock and the gathering will return to this city at seven o'clock. At the club house this evening there will be an entertainment.

Workmen were kept busy laying the top coating of tarvia on Middle road near Lafayette road until after 8 o'clock last evening. There was a big crew of men with both steam rollers. The rain however held them up this morning.



There's no guess work in our welding for it is the work of competent, skilled, expert mechanics—so don't confuse real welding (ours) with the work of a man who will not even take the trouble to preheat. When anything breaks on your car, farm, in your factory, store or shop—and it's made of metal—consult us, for we'll save you money and time. We have a portable outfit for repairing heavy parts that cost too much to move.

DANIELS MAKES LEAGUE APPEAL

Secretary of Navy Strong in Its Defense in Bangor, Maine, Address.

Bangor, Me., Sept. 10.—Secretary of the Navy Daniels was the principal speaker at a Democratic meeting here last night.

He devoted the larger part of his speech which was over an hour and a half in length to a discussion of the League of Nations, in which he outlined the part played by America in the great contest, the hopes and aspirations of the boys who went across and said that every speaker who had taken the platform for war work activity while the contest was on had promised to the mothers and sisters and sweethearts of our soldiers that this was to be a war to end war. That hereafter there should not be, if it were possible to prevent it, such outbursts as had caused this world wide catastrophe.

"I should be ashamed," said Mr. Daniels, "if I refused to keep that promise made of the motherhood of this nation."

The speaker than went on to tell of the benefits to be obtained from the League of Nations. It would kill autocracy, because no nation that was not governed by the will of the majority could become a member of the League; it gives life and hope to the doctrine of self-determination of nations; it provides a remedy for the peoples who are held down and oppressed by foreign rule, as under the provisions of the treaty the matter can be brought before the League for consideration. And, said Mr. Daniels, "in my opinion no nation would be able to hold an unjust attitude to any people against the opinion of all the free nations of the world."

"The document," said Mr. Daniels, "is the Magna Charta of labor. It not only preserves the rights which American labor has won in wages and living conditions but also carries to all the other nations the benefits of better living conditions and higher wages now enjoyed by American laboring men."

All the laws passed in this country had been possible on the claim that they saved certain rights to American workmen that they were passed for the protection of American labor. This charter will carry these same blessings to the workingmen of the world.

MRS. MARSHALL INJURED IN AUTO ACCIDENT

Portsmouth Woman in Serious Condition as Result of Collision.

Mrs. Ella Marshall of Elwyn avenue was badly injured in an automobile accident on Labor Day at Noblebore, Me., where she was visiting her former home and is in a serious condition from the injuries sustained by the accident.

The car in which Mrs. Marshall was riding was struck by a car coming in the opposite direction, and she and her niece were thrown out. Mrs. Marshall was badly shaken up and cut about the head and required the services of two physicians and necessitating the taking of 20 stitches. She is confined to her bed at Noblebore from the effects of the accident. Her niece received only minor injuries from the collision. The car in which they were driving was a complete wreck. The occupants of the other car escaped with but slight injuries, but their car was damaged. The driver owned that he was at fault by being on the wrong side of the road.

Mrs. Marshall is the mother of Fred and Charles Marshall of this city. She is a member of the Storer Relief Corps and has many friends who hope to hear of an improvement in her condition.

SEN. CRANE IS BETTER

(By Associated Press)

Dalton, Mass., Sept. 10.—The improvement in the condition of Former Senator W. Murray Crane which was reported yesterday continued today. The statement given out at his residence this morning said that he had a comfortable night. Mr. Crane has been confined to his bed since last Saturday after serious attacks of heart trouble.

RETURN OF VOTE FOR COUNTY COMMISSIONER

Exeter, Sept. 10.—Complete returns on the Republican contest for county commissioner nominations show that William B. Underhill of Chester, received 3,669 votes, George A. Carlisle, of Exeter, 3,287, Sherman T. Newton, of Portsmouth, 3,259 and Norman H. Beane of Portsmouth 3072. Beane is a member of the present board.

SEC'Y DANIELS HERE TODAY

Secretary Daniels of the navy arrived on the 1.16 train from the east this afternoon and went immediately to the Rockingham where he met some of the Democratic leaders of this city and Kittery. It was planned to have the Secretary speak in Kittery today but some confusion in the plans appear to have upset the program. A Republican speaker from Portland is booked for Kittery today and the program had to be changed. If it can be arranged an effort will be made to have him speak there on Saturday afternoon. He is due for an address at Springvale, Maine, on Saturday night.

He is not expected to visit the navy yard during his stay. He has been on a speaking tour in Maine.

AT THE THEATRES

Colonial—Vaudeville and photo plays. Today's feature picture, William Hart in "Sands." Change of bill Monday, Wednesday and Friday.

Olympia—Today and Sat., Bryant Washburn in "Mrs. Temple's Telegram" and Marguerite Clark in "Easy to Get."

WILL GREET ROOSEVELT ON MONDAY

Navy Yard Employes to Have Demonstration and Make Presentation.

The Portsmouth navy yard employes are preparing for a demonstration on Monday on the occasion of the visit of former assistant secretary of the navy Franklin D. Roosevelt.

At the same time there will be a presentation on behalf of the employes. The men will march to meet him headed by a band. The affair is being arranged through the Metal Trades Council and has no political connection. The navy yard men wish to greet him and show their appreciation for his good work while in the navy department. This could not be done while he was a government official and the workmen are to take advantage of the first opportunity to honor him since his resignation from the Navy Department.

GIVEN TRAVELING BAG AND CIGARS

Presentation to Popular Man at the Atlantic.

The several quartermen and leadingmen at the Atlantic Corporation shipyard were responsible for the surprise which came to Douglas Wallach in his home at the Atlantic Heights on Thursday when he was presented with a costly traveling bag and a box of excellent cigars.

The presentation was made by Edward Sweeney on behalf of the men in recognition of his faithful work and the cooperation and good feeling which has existed between the recipient and the many men under his supervision since he became affiliated with the company.

Mr. Wallach with much effort and feeling thanked the men for their expressions of friendship and the gift.

Mr. Wallach leaves in a few days for Quincy where he has accepted a similar position in the shipbuilding plant in that city.

He has filled the position of assistant hull foreman at the Atlantic for nearly two years and is one of the most efficient men that have been employed there since the plant was established at Freeman's Point.

CARD OF THANKS

We desire to express our sincere thanks to neighbors and friends for the kindness and sympathy shown us in the recent illness and death of our late brother. And we also return thanks for the beautiful floral tributes and spiritual bouquets.
